# From the president

I have been honored to serve as the 2019 President of the Lufkin ISD Education Foundation. For the past six years, the Foundation has proudly operated under the conviction that, as Benjamin Franklin stated, "An investment in knowledge pays the best interest." Our board of trustees is comprised of community members (volunteers), many of whom are LHS alumni, each who value and recognize the importance of a quality education for our students and for the success as a community and believe that education's impact on the community truly knows no bounds.

This year, under the leadership of our new Executive Director, Vercie McMullen, the Foundation launched its first Grant Showcase, in which we had 100% participation with grant recipients showcasing all the items awarded to their schools/classrooms by the Foundation through the grant process. In addition, with the support of our board, community partners and incredible volunteers, we implemented our first year new teacher grants, along with two new fundraisers to bring awareness to the Foundation and its efforts with a 50/50 raffle and our Corporate Challenge (a fun team building relay competition) at the Texas State Forest Festival. Last, but not least, our Programs Committee awarded 25 grants, totaling \$58,000 and our Grant Patrol surprised each deserving recipient in August. Our High Five club is thriving amongst teachers and staff of LISD and increased this year by 15%!

To our donors, volunteers, and board members – thank you for your continued and unwavering support! We were able to raise over \$112,287.00

## Shelli Ellis

to directly benefit the children of Lufkin ISD! To this end – we ask for your continued support of the Foundation to help promote and enhance education for the students in Lufkin ISD.

Your donations are gifts to eager students and teachers that appreciate the importance and value of education. No donation is too small – because when we all give – the benefit multiplies for not only the children, but the teachers and staff of Lufkin ISD, too! As Edward Everett Hale said, "I am only one, but I am one. I cannot do everything, but I can do something" and when each of us come together to work collectively as one group we can and will make a greater impact for Lufkin ISD.

Best regards,

*Shelli C. Ellis*

## GRANT Showcase

The Lufkin ISD Education Foundation hosted its first Grant Showcase on Thursday, January 31, 2019 at the Pitser Garrison Convention Center. The Foundation invited corporate donors, community partners, and parents to see how their donations positively impacted teachers and students through innovative teaching grants. In August 2018, the Foundation awarded 25 classroom grants totaling \$57,865. These grants included: 13 STEM grants, 4 literacy grants, 2 learning spaces grants, 2 physical education grants, 2 art grants and 2 social skills grants. What an exciting evening as teachers from across the district showcased their grants!

## High Five Club

Each year LISD employees are given the opportunity to support the mission of the Lufkin ISD Education Foundation through their own giving campaign by making a one-time donation of \$60 or contributing through a monthly payroll deduction of \$5. This year the High \$5 Club gained an additional 26 members, making a record number of 830 members. We appreciate the dedicated, caring employees of Lufkin ISD who are committed to enriching the learning of all students through innovative teaching grants.

In 2019-2020 LISD staff members were also

given the opportunity to increase their donation to the High \$5 Club by \$1 each month.

An amazing number of employees (37%) chose to increase their contribution. High \$5

Club membership donations totaled \$48,698 in 2019. Lufkin ISD employees already give an incredible amount to their community, and the Education Foundation was amazed by the additional generosity of so many.

# Grant celebration day

Grant Patrol consists of Education Foundation board members, cheerleaders, and members of the LHS drum line making a surprise visit to LISD campuses to award innovative teaching grants. Educators apply for grants in April and May for innovative projects and activities not funded by the district's normal operating budget. The grants are evaluated by a selection committee and awarded in late August. Each winning teacher is surprised with a big check and cheering presenters to mark the occasion.

The Lufkin ISD Education Foundation spent the morning of August 28th awarding twenty-five grants on eleven campuses totaling over \$58,000. The grants span an array of disciplines including STEM programs, literacy initiatives,

virtual reality exploration, physical education, and social skills, making it the Foundation's favorite day of the year!

This year's Grant Patrol started at Lufkin High School with a team of teachers receiving a grant for \$5,000 to bring the Spark: Igniting an Engineering Spirit to students district wide. This is an innovative technology trunk that will travel from kindergarten to high school as teachers reserve the trunk. The day ended at Anderson Elementary where teachers there received five innovative teacher grants!

What an amazing mission that provides excellence in education through innovation in teaching!
